When hours of hard practice and teamwork pay off, perfection is achieved, and a team surges onward to a winning season. The improvement of all players is inspired by precision passing, outstanding receptions, and concrete defensive plays. Football is one of many sports in which excitement and despair can be experienced in one night. Such is true in the case of the 1976 Brunswick High Pirates. After winning their first two games, they defeated fourth-ranked Wayne County in an eyeopening game which kept the crowd standing while the final few seconds ticked away. After three bitter defeats, attributed to the loss of a few key players, the Pirates rebounded to victory with a crushing defeat over Jenkins.

As the fighting Pirates coasted to a 5-5 season, individual records were achieved by quarterback Craig Homans and flanker Greg Lynch. Craig Homans completed 68 of 145 attempts for 930 yards. And Greg Lynch caught 27 passes for 508 yards.

Leadership on the field as well as off is a characteristic of an outstanding player. Many of the Pirates during this year have attained this quality and will be returning next year to further improve in all aspects of the game.

Front Row: Bill Pace, Speaker; Greg Lynch, Most Improved Offensive Player; Anthony Armstrong, Rookie of the Year; Jonathan Williams, Coach. Back Row: Dan Gardner, Outstanding Defensive Player; David Clark, Most Valuable Player; Craig Homans, Outstanding Offensive Player; Matt Knox, Bud Couch Scholastic Award; Gerald Dawson, Most Improved Defensive Player.

J V A R S I T Y

Although the Junior Varsity Football team ended the season with a 2-5 record, many players received valuable game experience and should boost the varsity squad in the fall of '77.

The outstanding players were Gary Williams — quarterback, Warren Lawrence — tailback, Steve Lanier — Guard, Paul Thomas — halfback, Roger Charnock — tackle, and Kermit Plash — tackle. These players could be the key to a winning season for the Pirates this fall.

VARSITY

The 1976-77 Pirate Basketball Team had the best season in BHS history. Finishing the regular slate with a 19-2 overall record and a sparkling 12-2 region worksheet, the ball club finished second in the region.

Perhaps some fans attributed the fantastic record of the Pirate team to the brand new gym, but even though the team never lost a game in the gym, they also played exceptionally fine ball on the road, losing only to very strong Savannah High and Beach teams.

Ranked highly by the Atlanta Journal and Atlanta Constitution, the Pirates always gave their fans quite a show; especially at the Jesup game, which went into overtime twice, with the Pirates emerging victorious. In the first game played in the gym, the Pirates just missed breaking one hundred, but in the second game, against arch-rival Glynn Academy, the Pirate team scored one hundred plus. Later in the season they topped Glynn again, winning the City Championship for the third year straight.

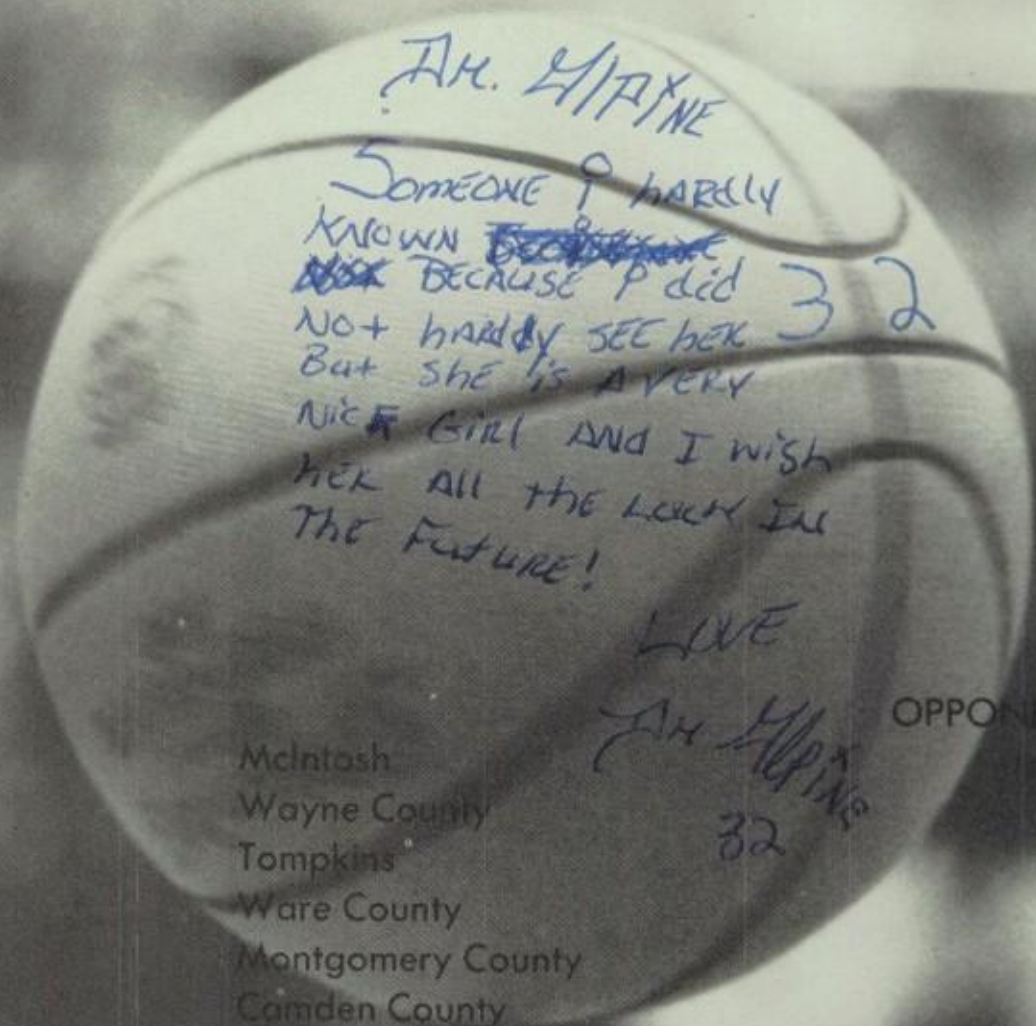

With such a well-rounded basketball team, it is no surprise that the Pirates did so well. Starters Billy Williams, Rocky Spaulding, David Clark, Gerald Dawson, and Maxwell Byrd were backed by the strong likes of Eric Johnson, Jernard Nelson, Avis Dart, and Craig Jackson. Coach Johnson's Pirates certainly made a name for themselves as they went right on to the region tournament in a top position. With proper training and backing, it is hoped that this is just a stepping stone for Pirate teams of the future.

2nd Row: David Strickland, John Swiney, Maxwell Byrd, David Clark, Ricky Mobley, Keith Paseur, Ronnie Davis.

J.V. BASKETBALL

Finishing the season with a winning record of 9 wins and 8 losses, Coach Frazier's Junior Varsity team earned experience vital to future Varsity Team players. The JV serves as a training league for players who need to develop and sharpen skills important for Varsity ball.

The Junior Varsity was led by the play of Robert Johnson, Ricky Mobley, Keith Paseur, and John Swiney, but it was an all-around team effort that paid off in the end. It is hoped that the JV players, after gaining experience and confidence, will be able to step into the shoes of the departing Varsity players.

CHEERLEADERS

LaTanya Abbott, Anita Dollson, Cindy Kroscavage — Co-Captain, Shann Champion, Kay Townsend, Chuncy Wynn, Audrey Barnes, Margaret King, Lee Ann Kerr, Marcia Clarence — Captain.

VARSITY CHEERLEADERS

The 1976-77 squad of Pirate cheerleaders are indeed a dedicated crew! Besides attending summer camps, practicing cheers and routines, and performing at pep rallies, they also help keep the Pirate Spirit high throughout the year. Led by captain Marcia Clarence and co-captain Cindy Kroscavage, these talented girls yell, dance, jump and shout for any Pirate endeavor. The hoarse voices, sore legs and tired bodies are all forgotten when the Pirates feel the thrill of victory.

J V A R S I T Y

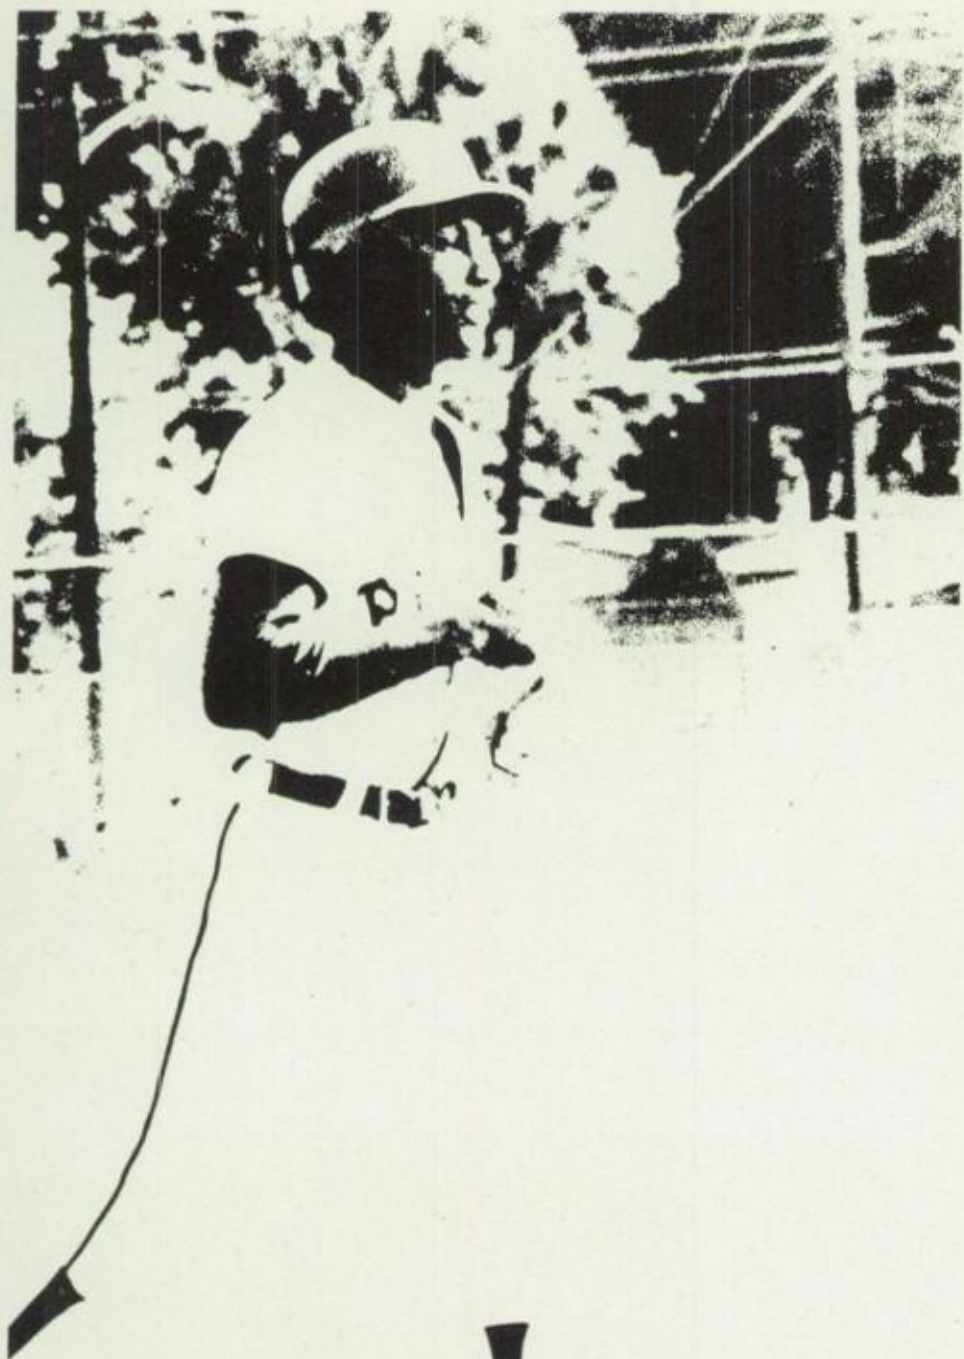

Front Row: Andrea Page, Suzi Peters, Pansy Sapp — Co-Captain, Linda Brookins. Back Row: Lisa Pifer, Novella Watts, Jenni Johns — Captain, Ruthie Frazier, Debra Pittman, Cathy Comer.

J. V. CHEERLEADERS

The Junior Varsity cheerleaders do their part in keeping underclass spirit high. They helped at Freshman Orientation by teaching cheers to the new class, making them feel a part of the school. The JV were present at any Junior Varsity game, cheering the team on to victory. Between games and pep rallies, they could be found holding car washes and bake sales. At the Homecoming game, the JV squad got a taste of being a varsity member as they helped to lead the crowd's cheers for the Pirate team. The JV cheerleaders are certainly an asset to the school.

B A S E B A L L

Baseball is one of the oldest and most exciting sports around. The excitement can be experienced in the stands as well as on the field. Dust-raising plays at home, quick double play executions, and powerhouse homeruns leave spectators clinging to their seats.

Pitching, which is a key part of baseball, accelerates the play with fast balls, curves, and sliders. Heading the mound for Brunswick High was Craig Homans, who hurled an excellent 5-1 record. Mike Couch rounded off the pitching staff with experienced play at second base and a 3-3 record. On the receiving end of pitching is the batter, the controller of the game who can change a losing battle into a thrilling win. Eye control and concentration are necessary factors which the batter has to achieve to get a hit. David Clark did just that and led the Pirates with a .429 hitting average and 19 runs batted in.

One man does not make a good team and with the backup assistance of flawless fielders the fighting Pirates ended the season with a winning record of 9-8.

The majority of experience will be returning the following season to rally onward to another winning season.

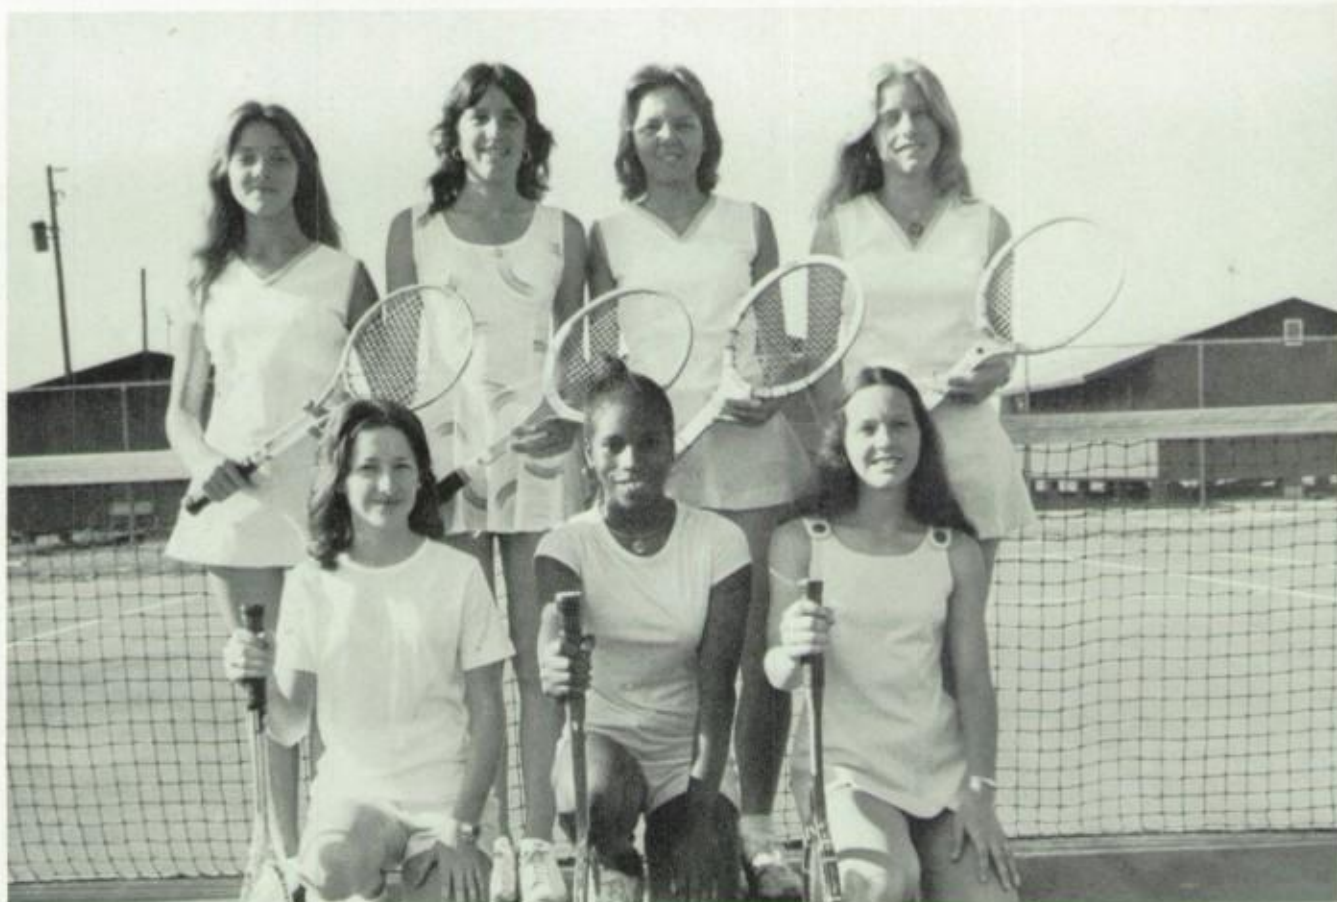

Row One: Ronnie Green, Vince Hereld, Joe Train, Henry Clark, Gary Pennington, Greg Lynch, Herman Whing. Row Two: Craig Homans, Larry Williams, Mike Couch, David Clark, Dale Wages, Mark Bruce, Frankie Carr. Row Three: Gary Shavers, Tommy T aylor, Gary Williams, Louie Mashburn, Bruce Buie, Bobby Pennington, Rex Stalvey, Coach Hinson.

Front Row: Ronnie McElwaney, Keith Dixon, Joe Peebles. Back Row: Chris Ragsdale, Don Mason, Paul Klimp, Keith Purser.

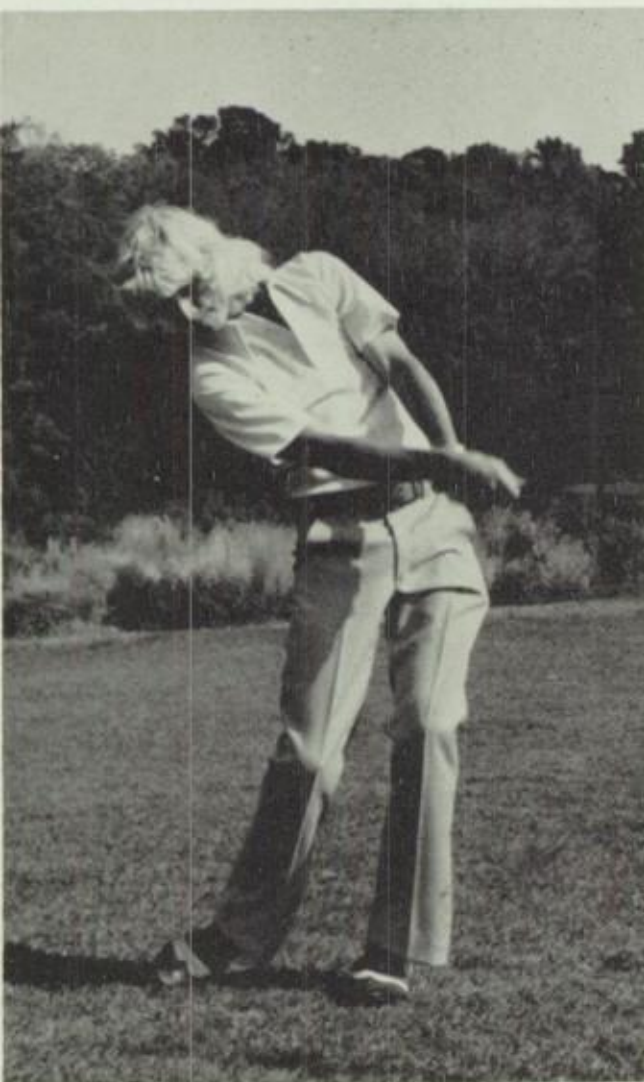

TENNIS

The 1976 tennis teams ended the season with identical records of 4 wins and 5 losses.

The girls' team, under the coaching of Betty Raldolph notched wins against Bradwell Institute, McIntosh, and Ware County. The boys' team, backed by Coach David Barber, won over Bradwell Institute, McIntosh, and Waycross.

In the Region Tournament, the boys' team was represented by Chris Ragsdale in singles and Keith Purser and Paul Klimp in doubles, while the girls were represented by Lisa Hutchinson in singles and Diane Smith and Brenda Cross in doubles.

Golf is a unique game played in and around nature. Rolling fairways studded with hazardous sand traps, silky smooth greens bordered with shimmering lakes — these are only a few phrases which depict the beauty of the sport and its environment.

With only a handful of players, golf can be exciting as well as rewarding. Exciting in a way that can only be experienced by playing. Magnificent shots down the fairway, breath-taking putts which ring around the edge of the cup. Rewarding in a sense of one defeating his own accomplishments as well as those of other participants.

The Brunswick High golf team, coached by Dave Barber, had a commanding season. They won the region championship, led by Doug Thomas who had a superb score of 75, and went on to play in state competition. This year was the first time in the history of B.H.S. that any team has ever received a region trophy. The combined efforts of Jody Joiner, Patrick Newton, Doug Thomas, Benjie Weeks, Jim Vernon, and Greg Daniels have made the golf team outstanding. The following year promises to be as thrilling as ever.

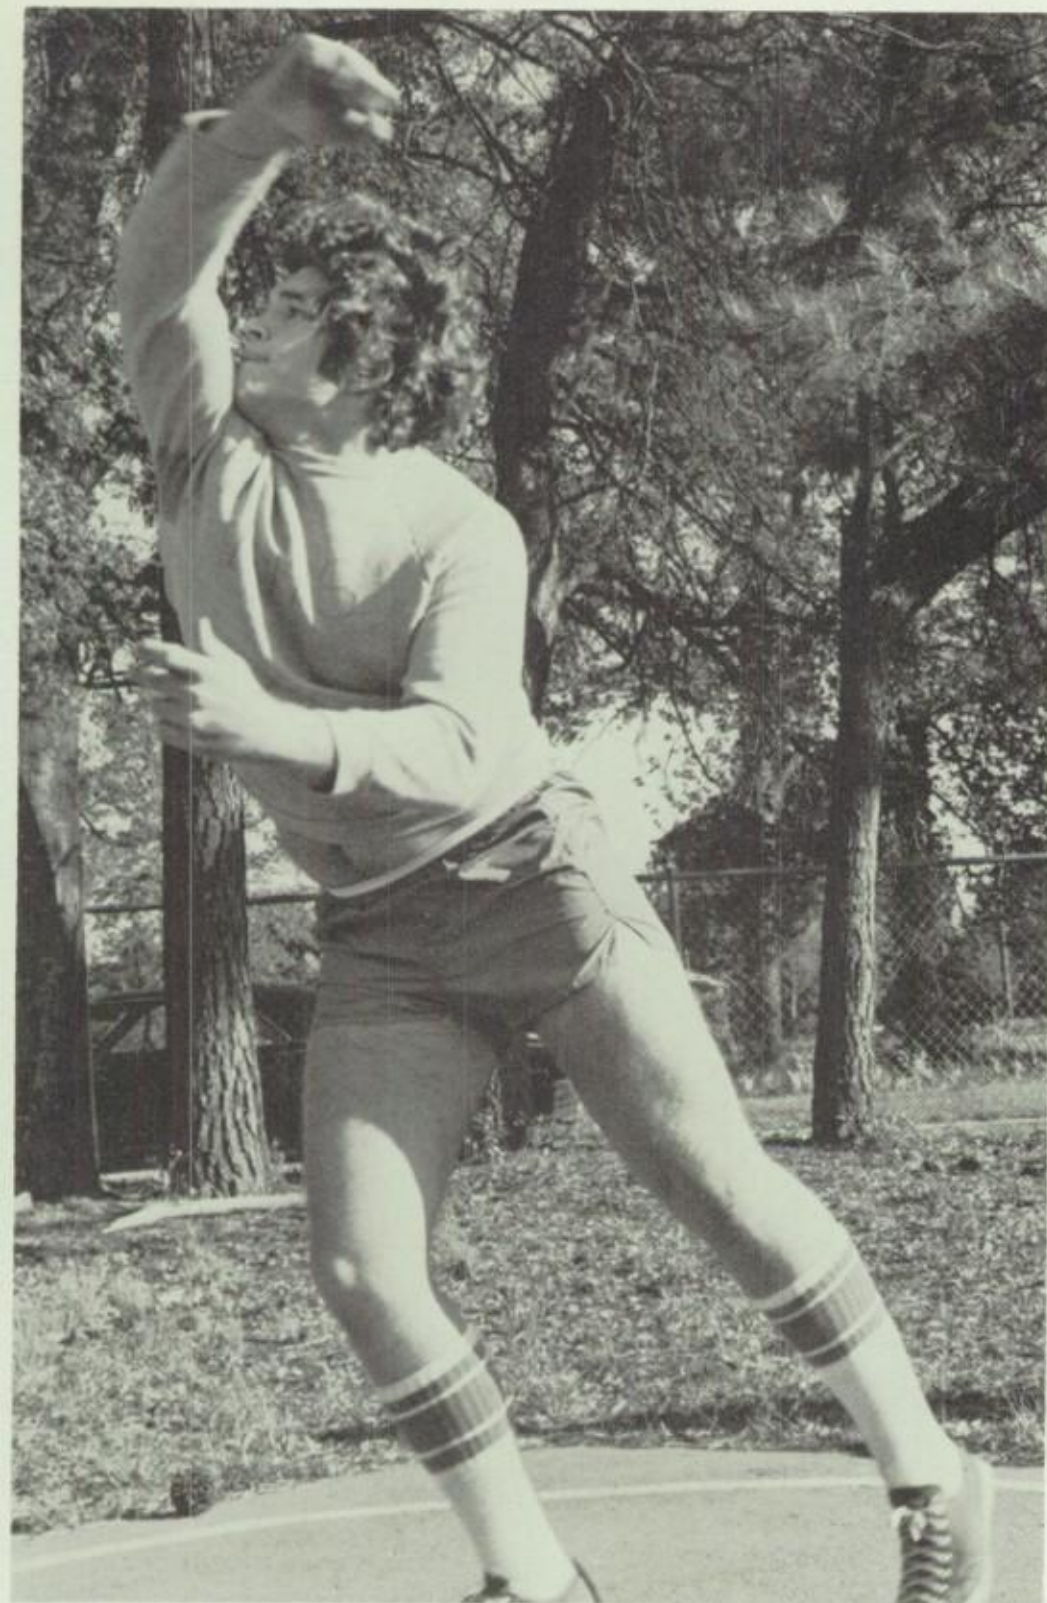

Jim Vernon, Greg Daniels, David Beckam, Patrick Newton, Benjie Weeks, Doug Thomas, Jody Joiner.

The fastest runner, the farthest thrower, the longest and highest jumper, this is generally what track is all about. The human form in motion so coordinated that every movement becomes automatic and unrestrained. Track is not only a confrontation between two teams or even two participants but a competition between man and himself to improve on earlier achievements already recorded. Members of the 1976 track team were Kenneth Dawson, Finley Sheffield, Dale Personett, Robert Hicks, Charles Wiggs, Gerald Dawson, Steven Holland, Ronald Baker, David Clark, Michael Sapp, Robert Johnson, Farrell Hinson, Earl Vallion, Avis Dart, Roderick Williams, Curtis Jones, Oliver Morton, Todd Wynn, Troy Moody, Albert Bryant, Johnny Hillery and Rena Clark.

ORGANIZATIONS

PIRATE BAND

The Brunswick High School Pirate Marching Band may have changed their uniforms this year, but they have kept that fabulous sound that everyone gets down to and they kept their dedication for hard work as the crowd-pleasing half time shows indicated. Sleepy band members could be found on the practice field every morning during first and second periods going through their routines again and again and AGAIN! Like everyone else, Mr. Sellers never seemed to tire of seeing them perform!

The hard work of band members, drum majors, and the director certainly paid off as each week the band marched onto the field, to a cadance played by a "bunch of dummies" and performed tricky formations as if they had been born doing them. Yes, the band pleased all; even if you weren't a music lover, the majorettes proved a delight with their sparkling uniforms and charming smiles.

After marching season, the band settled down to concert season. Concerts, festival, clinic and All State tryouts all culminate to make an all around busy year for band members. An added highlight was the band's sponsoring a concert featuring the Valdosta State Jazz Band.

Behind all the make-up and the funny costumes is the Drama Club. The members practiced many hours to perfect the skits and bring a smile or laugh to everyone at the pep rallies. Their homecoming float, "A Time For Us, A Time For Drama," won first place recognition. The Pirate Players, with their skillful production of "Take A Letter" won first place in the district One-Act Play competition. Trips were made to the Alhambra Dinner Theatre in Jacksonville, Florida, in an effort to broaden their theatrical knowledge. This organization offered members a chance to discover and participate in the world of drama through tragedy or comedy.

DRAMA CLUB

STUDENT COUNCIL

Each day brought new challenges, hard work, and determination for the members of the 1976-77 Student Council. Orientation and the kick-off of the football season were some of the first activities of the year. Fall quarter also meant the Homecoming parade, dance, and queen election. Much time was spent decorating the school with banners, blue and gold streamers, and selling various spirit paraphernalia.

Each quarter consisted of the faculty breakfast and decoration of the teachers' lounges for each holiday. In keeping with Pirate tradition, the Student Council participated in several annual events. The Blood Drive, Thanksgiving Basket and Canned Food Donation, and the elections for new council members at the end of the year were just a few of the worthy projects.

The 1976-77 Council will be remembered not only for their accomplishments, but also for the pride and spirit that they helped instill in the entire student body.

STUDENT COUNCIL

RACQUET CLUB

For those in the tennis racket, there is the Racquet Club. This year has proven to be a successful one for this organization. With the theme, "A Time For Tennis," their Homecoming car won third place in the parade. Guests at meetings featured Norm Sapp, Head Tennis Pro at Ramada Racquet Club, and Jim Parker, former tennis coach at Frederica Academy. These experts demonstrated the forehand and backhand strokes and also gave pointers for playing better tennis. A spring tournament was held in an effort to raise funds and increase interest in tennis.

F.F.A.

Any student who seeks a possible career in an agricultural field or perhaps chooses gardening as a hobby should be able to find a place in the Future Farmers of America organization. Each year they exhibit prize-winning animals at the Exchange Club Fair and serve as official caretakers of the school greenhouse. They also deserve credit for the construction of the nature trail in the outdoor lab. Not only did the club send representatives to both the state FFA rally and the State Fair but they are also sending two members to the National FFA Convention in Kansas City, Kansas. The year was concluded with a field trip to Calloway Gardens.

Front L-R: Susan Smith, Barry Whisenant, Curtis Pipkin, Glen Lee, Duncan Dukes, Philip Peters. Back Row: Mr. Grinstead, Kay Clary, Beth Bentley, Terry Taylor, Allen Nettles, Bill Brewer, Doug Sizemore, Cynthia Habersham, Robin Woodward, Marie Williams, Dolphene Allen, Tricia Tiner, Mr. Lovvorn.

Misspelled words, Monday nights at Jana's house, and graphic arts are all a part of the 1976-77 Rising Surf. The truly dedicated staff began the year with the search for old and new talents — camera bugs, poets, artists, and writers. Then much time was spent discussing and reviewing the articles. This year's Rising Surf has proven to be the best ever, presenting a kaleidoscope of ideas and feelings on subjects ranging from politics to love.

JOLLY ROGER JOURNAL

The "Jolly Roger Journal" Staff has proved that hard work pays off! Not only have they published several editions of the BHS best selling paper, but they have sponsored several student-interest polls. The Valentine Sweetheart Contest and Senior Superlatives were all JRJ initiated projects. A poll was held to pick the most popular rock group. Club news was compiled and published. Thanks to the hard-working JRJ Staff the student body was kept up-to-date on school functions.

Many people think of an annual as different things. To some, it is a book in which you collect everyone's autograph, while to others, it provides the contest which involves who gets pictured the most or who has the longest write-up in the index. It is not until many years after graduation that the true value of an annual can be appreciated.

The Cutlass Staff has worked hard to create a book that captures this year at Brunswick High. Through the use of pictures and words, these happy-go-lucky days of our almost carefree youth are preserved. It is the hope of the staff that in future years you can look back at this annual and recall these one-of-a-kind years. Remember the good times and the bad. Share the laughs — and the tears.

SPANISH CLUB

The highlight of the year for the Spanish Club was their capture of first place in the car division in the Homecoming Parade. The award-winning car carried the title "A Time For Us To Slay The Knights." Members involved themselves in other school activities such as the Thanksgiving Basket contribution. The club also held two successful banquets, a Valentine covered-dish supper, and an annual end-of-year banquet. Activities were topped off by a cultural trip to St. Augustine which proved to be an educational trip as well as a lot of fun.

Back Row: Lisa Pifer, Lynda Heiden, Annie Julian, Cindy Kroscavage, Mickie Valente, Karen Brunegraff, Cindy Brunegraff, Connie Campbell, Rowena Ponce, Gary Williams, Dan Gardner, Mike Drury. FRENCH CLUB

Libby Rice, Sheila Ashley, Shelia Kramer, Carlos Chambliss, Simone Fuller, Tammy Thompson, Mark Thompson, Sherrie Ivey.

The French Club, despite its small size, has proven to be an asset to Brunswick High. The members began the year with a bake sale in an effort to raise money. At Homecoming, tissue flowers and paper maché were a familiar sight at Tammy Thompson's house, as the members worked on their car entry. Money and canned foods were collected for the donation of a Thanksgiving basket for a needy family. The members ended the year with a Spring Banquet.

ART CLUB

The Art Club has certainly been in the swing of things this year. The "Favorite Cheerleader and Senior Football Player" contest is just one of the many projects initiated. The display case in the library was kept filled with outstanding art creations. They also entered a float in the Homecoming parade and prepared a basket for Thanksgiving. A project benefitting the school was the recycling of clay for the pottery classes. The BHS Art Club really got it together this year!

The members of the Vocational Industrial Clubs of America prefer learning by means of on-the-job experiences. By dividing their schedule between an academic and working agenda they have a chance to apply their abilities and interests in the business world. This year's club demonstrated their usefulness to the school by taking part as a group in many extracurricular activities.

DECA

Members of the Diversified Educational Clubs of America are concerned not only with market distribution but with management and service operations as well. Occupational experience is gained through part-time employment at a variety of jobs. DECA offers the student a chance to participate in the business world and still be a part of the academic world. This year, DECA took some time out from their busy schedules to sponsor a school dance. DECA has proven each year to be an important stepping stone in preparing its members for a full-time vocation.

CHESS CLUB

After a year of inactivity, the Chess Club has been rechartered under the direction of a new advisor, Mr. Moran. Members work to improve their game, hold interclub tournaments, and participate in tournaments with Glynn Academy's Chess Club. With interest aroused, the Chess Club shows promise of being a popular BHS club.

Robin Heitman, Julie Lee, Steve Lanier, Mr. Moran, Pat Harvey, Danny Ponce, Robbie Moffitt, John Duval, Philip Peters, Henry Heitman, Tony Smith, Larry Carlile.

FELLOWSHIP OF CHRISTIAN ATHLETES

The Fellowship of Christian Athletes gives interested students the opportunity to share ideas involving Christ and His beliefs. Several banquets and a cook out were held during the year. A pie sale helped to raise money to send delegates to FCA camp this summer. The adult chapter of FCA helped the club sponsor many projects.

DEBATE

Front Row: Dianne Dodd, Rhonda Grimes, Cindy Newbern, Cathy Silva. Back Row: Mike Day, Edwin Ashley.

Under the direction of their new advisor, Mrs. Parker, the 1976-77 edition of the Brunswick High Debate team discussed the resolution: "A comprehensive program of penal reform should be adopted throughout the United States." In region debate involving Brunswick High, Glynn Academy, and Windsor Forest, the Pirate debate team placed second. With the experience gained by this year's debates, next year's team holds great promise.

TYEHIMBA

Front Row: Freida Williams, Theresa Beckley, Carmen Moore, LaCrisia Hardee, Robert Hicks, Jackie Conee, Juliet Rogers, Connie Campbell, Mrs. Robinson. Back Row: Dan Gardner, Michael Davis, Lorraine Armstrong, Denise Beckley, Kevin Perry, Phyllis Brown, Johnetta Slay, Ricky Mobley, Calvin Davis.

In its second year at BHS, the Tyehimba Club has already been established as a worthy organization. The members, with Juliet Rogers in top command, kept the roads hot by sponsoring buses for Brunswick High students to many of the out-of-town basketball and football games. In the Homecoming parade, this hard-working group entered a car which won the second place honors. Tyehimba added some music of its own to BHS by sponsoring a disco as a fund-raising project. At many of the club meetings, guest speakers expressed their feelings on the black man in today's world.

The students involved in the Independent Science Study Courses are given a chance to form their own theories and conclusions from experimentation on an individual basis. The tedious long hours that they spend involved in their work may someday prove valuable to the chronicles of scientific research and perhaps to their own personal career pursuit.

Projects for the year included: Spectroscopic study of Jupiter in the Infrared Spectrum; the growth of algae as a function of Ph, using a Trichromatic process for measuring biomass; the effects of various wave lengths of light on the Leimemercence of *Vibrio fischeri*, studying the effects of strobe lights on the behavior of mice; isolating antibiotic producing organisms from soil samples; studying the effects of a food additive on the growth and behavior of mice; testing for alternative growth inhibitors of *Agrobacterium Fumafaciens*.

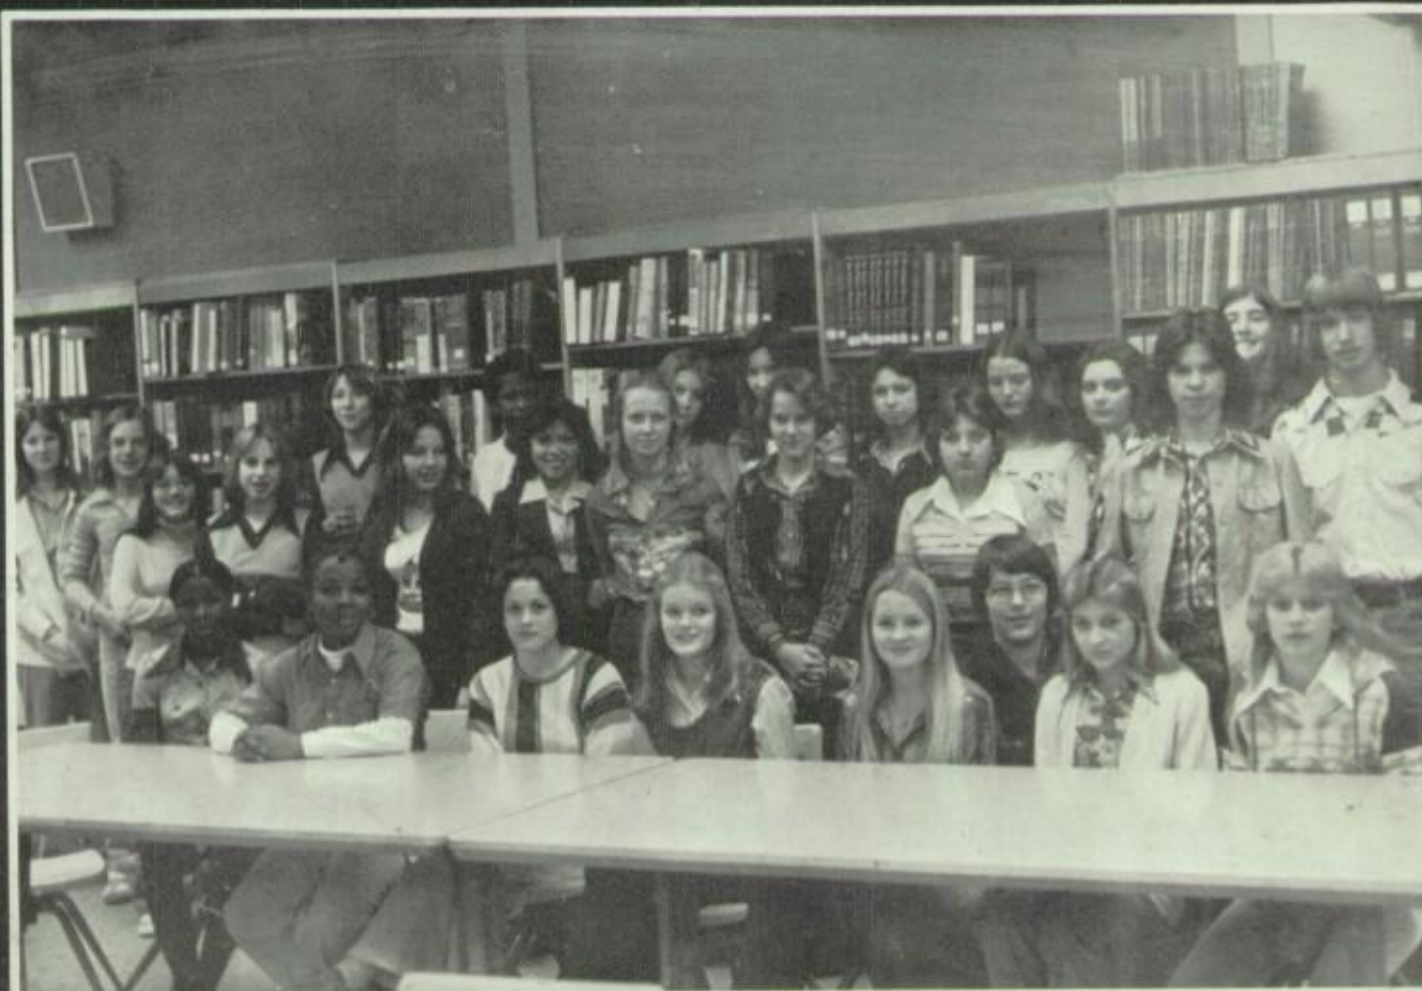

ISS

1st: Vicki Bunkley, Debbie Wilson, Ms. McVeigh, Peter Poole. 2nd: Paul James, John Duval, Tony Smith, Gary Floyd.

ISSS offers students the opportunity to examine various divisions of social science through independent study. Working in the library every day, the students spent hours researching their chosen project. Whale conservation, the Moon Cult, and extra-sensory perception are just a few of the topics explored by students in the Independent Social Science Studies class.

INTER CLUB COUNCIL

The purpose of the Inter Club Council is to direct the interests and activities of each club toward the benefit of the entire student body. Aside from their annual events, such as the Thanksgiving basket donation and the Christmas party at the Glynn County Training Center, the Club was involved in a number of profitable endeavors. They sponsored a successful benefit dance for the American Cancer Society. As always, their main contribution was the support and cooperation shown to all Student Council initiated and school and community centered projects.

SCIENCE CLUB

All who assumed that the Science Club is composed of students who spend their time dissecting frogs and tinkering with chemicals are entirely misdirected. During the year the Science Club had several speakers, entered a car in the Homecoming Parade, and showed community concern by attending the public meeting held by the SMC. The year was highlighted by a field trip to Cumberland Island.

FUTURE HOMEMAKERS OF AMERICA

Somehow, the Future Homemakers of America managed, between initiation and the Parent-Daughter Banquet, to squeeze in candy sales, Christmas caroling, teas, and campus clean-up. Being friendly, appreciating teachers, and planting trees were a part of the FHA National Vocational Week. Trips were made to Statesboro for the district meeting and to Savannah for the Teenage Nutrition Conference. The members devoted much of their time and efforts in other projects too, such as Courtesy Week, giving Valentines and fruit baskets to nursing homes, and keeping excellent displays on the bulletin boards. FHA strives to teach leadership and responsibility to each member in preparation for life in the world of today and tomorrow.

Boosting school spirit and Pirate pride is the key function of the Pep Club. At almost any pep rally or football game, this group could be found yelling, clapping, and cheering our team on to a victory. When Homecoming rolled around, the Pep Club constructed an artistic float which won second place. Numerous meetings were spent painting banners for the halls and gym. Purchasing new Pirate Pep Club T-shirts was another accomplishment for this organization.

It has been another busy year for FBLA members. A lot of those banners displayed at the pep rallies, football games, and in the hall were the creation of FBLA members. Who can forget the "Tear Up Terror" Week that FBLA sponsored for the Glynn Academy football game?!? There was a car bash at which the student body used their great power to demolish the "Big Red Machine" and a door decorating contest which set the whole school's spirit soaring! A breakfast was also held to honor the Pirate football team. A highlight of the year was National FBLA Week. During this week, members participated in bake sales, Teacher Appreciation Day, and had various speakers. The Valentine Sales, which the club initiated last year, was continued and proved to be an even bigger success. Other projects during the year included helping with the Muscular Dystrophy Telethon, raising money through car washes and candy sales, and attending various conferences.

NAVAL JUNIOR RESERVE OFFICER TRAINING CORPS

The NJROTC program offers the student many interesting activities and subjects such as navigation, seamanship and close order drill. The program is designed to develop informed, responsible citizens; to promote an understanding of the basic elements and requirements for national security; and to help form habits of self-discipline. An annual military ball is held where a queen is elected by the cadets. The 1976-77 NJROTC Queen is Miss Joyce Kight. Field trips to such places as the Charleston Naval Base and the Mayport Naval Station give the cadets opportunities to see the U.S. Navy in action.

Membership is open to BHS students through invitation only and must have majority approval of the local Board of Directors of VOCA.

STUDENT LIFE

SQUEEZING DIMES

The main purpose of high school may be to secure an education — but it seems like everyone has his hand out wanting some of the student's money! The giant money squeeze really starts in the Freshman year, but the number of greedy hands that greet a student increase as he approaches graduation.

Freshman and Sophomore students are literally attacked at the beginning of the school year. In order to prove school loyalty, they must purchase various buttons, shakers and the like. School insurance and pictures also take a cut out of the budget. Everyone wants to support the fabulous Pirate sports program, so they must purchase tickets to the football and basketball games to see their favorite team! Next, Homecoming and all of its expenses come rolling around, not to mention all of the other dances held throughout the year. Since clubs are an important part of school life, most people want to belong to at least one — and the only requirement is that the student pay club dues — ranging anywhere from one dollar up. Then these clubs try to raise more money by selling candy and assorted paraphernalia — and who can resist the temptation?!? So, Freshmen and Sophomores get their share of expenses and then some.

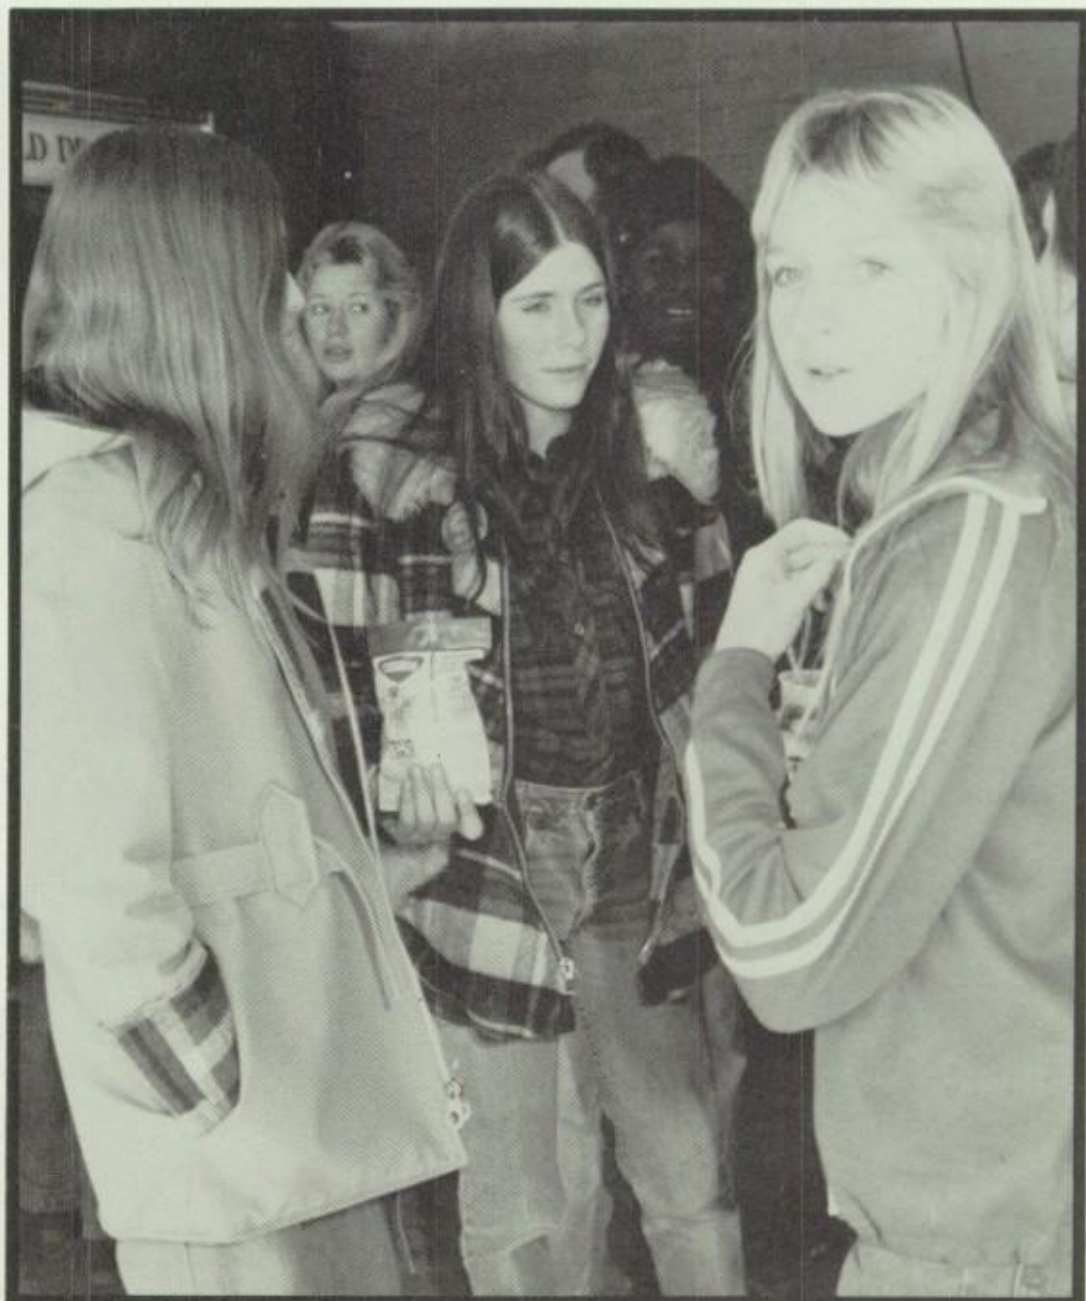

These expenses increase even more in the Junior year. There are still all of the previous expenses plus fees for the PSAT test and also the added cost of the Junior-Senior prom. Near the end of the Junior year, a student runs into the first really high-cost item, those beautiful class rings. The cost varies greatly — according to all of the special "extras" desired. But, this is just the beginning — they move in for the kill the Senior year.

A student still has the same old routine expenses of the Freshman and Sophomore years, but now he gets to spend about \$70-\$100 on Senior pictures. Then, the cost of graduation announcements takes a cut out of a Senior's wallet. For the college-bound Senior, college applications come next. These run about \$10 each. In addition, he must pay \$7.25 for the SAT (unless he is late and then it costs even more). Senior class dues must be paid for the Senior party and the gift to be left to the school. Graduation night, as the Senior stands there in his cap and gown (which he bought just for this occasion), he may begin to think about all that his "free education" has cost him and to wonder if they really want him to graduate — but, when his name is called and he walks forward, he realizes it was all worth it — after all, his diploma is FREE!!!

SHOOTIN' THE BULL

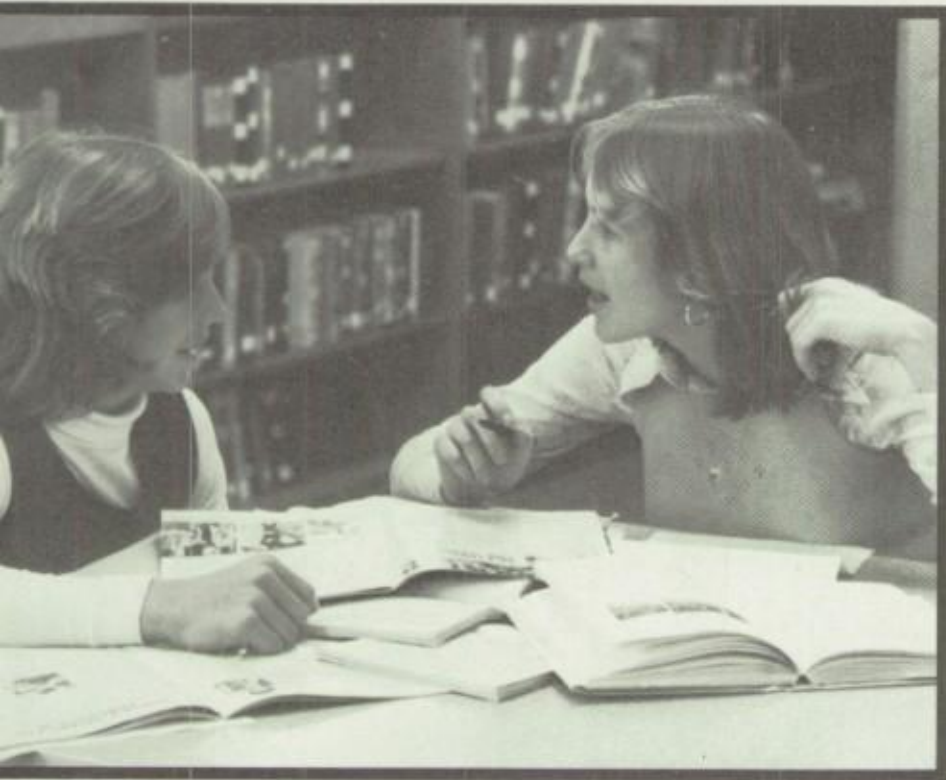

Everyone knows how much teenagers (and anyone for that matter) love to talk!! Any time, any place, if you see a group together, you can be sure that they are discussing a topic of major (?!?) importance (at least it is to them at the time). Brunswick High students are certainly no exception!! You are certain to find a group anywhere discussing the subjects of the day. Among the conversation topics of 1976-77 were . . . the new gym . . . skating at the new skating rink . . . courses to take each quarter . . . the snow in January . . . Jimmy Carter . . . the rock group Kiss . . . getting out of school because of the fuel shortage . . . the current rank of the basketball team . . . the long walk from the new parking lot . . . beating Jesup in football . . . homework . . . the new sandwich counter . . . who just received a ticket for parking in the fire lanes . . . the band's new uniforms . . . graduation . . . the Pizza Eating contest . . . class rings . . . gauchos and boots . . . the Blood Drive . . . rock concerts . . . who just got his car towed away . . . Homecoming . . . having to buy your own locks for the lockers . . . the end of the Bicentennial Year . . . the basketball team breaking 100 . . . the One Act Play going to State . . . holidays . . . "Roots" . . . ordering Valentines . . . annuals . . . "Charlie's Angels" . . . the beach . . . the Jr-Sr . . . Friday nights . . . Skip Day . . . jobs . . . decorating doors . . . pep rallies . . . entering Freshmen . . . taking the SAT . . . the last day of school . . . Yes, everyone was kept busy talking this year. You may wonder how, with all of this talking going on, anyone managed to learn anything besides the latest gossip. Maybe now you can appreciate the hard task that is put to our teachers, because in between all of this talking they did find a way to teach! Don't ever say anything is impossible . . . cause if you do . . . everyone will know you are just "shootin' the bull"!!

BODY LANGUAGE

Within the last few years a new and exciting science has been uncovered and explored. It is called "body language." In one way or another, we all send little messages out to the world via our body signals. We lift one eyebrow for disbelief, rub our noses for puzzlement, clasp our arms to isolate ourselves or to protect ourselves, and tap our fingers for impatience. The gestures are numerous, and while some are deliberate and others are almost deliberate, there are some that are mostly unconscious.

Each person has what is defined as his "zone of space." What happens when another invades this territory is a large part of the study of body language. How do you sit at an empty table when you wish to discourage others from joining you? If you look for privacy by retreating from others, you approach the problem from an avoidance viewpoint. You take a retreat position, usually at the corner of the table. In body language you say, "Share my table if you wish, but leave me alone. I am sitting myself here at a corner so that the next person can sit as far from me as possible." We also react the same when approaching another person in the hall. We look at him without locking glances, and then we immediately look away. Recognition is not permitted.

In a situation in which one is holding back on a particular subject, the listener may lean back in his chair arms and legs crossed as he listens to the speaker's ideas. He closes his body to new ideas.

People who wish to show that they are a cut above the rest of a group may deliberately take an unusual position. One may lean back and clasp his hands behind his head. This at once sets him apart and indicates his status. It makes him "higher" than the others.

There are several gestures that a guy or a girl may use as a "come hither" signal. The guy may try to lock the girl off from others by forming a shield with his body. A girl will stroke her hair or check her makeup, rearrange her clothes, or push her hair away from her face, while a man may comb his hair, button his coat, readjust his clothes, pull up his socks, arrange his tie, or even straighten the crease in his trousers. These all say, "I am interested. I like you. Notice me!"

While a person's holding his hands in the shape of a tent may symbolize a feeling of leadership, other actions symbolize other emotions. When a woman sits with her legs slanted, parallel and slightly crossed at the ankles, it may indicate an orderly mind, but it is far more likely to be an affected position or even charm school training. Perhaps scratching the nose is an indication of disagreement, but it may also be an indication of an itchy nose. The frown we make by creasing the skin between our eyebrows may simply mark a point in a sentence, or in another context, it may be a sign of annoyance or of deep concentration. Therefore, one must consider the inner thoughts of a person before interpreting body language.

Now that you know the groundwork and some of the rules, you can start consciously playing the game of body language. It will be surprising, adventurous, revealing and funny, but never dull!!

PACKING IT IN

To pack — 1. to fold, roll or combine into a bundle; wrap up. 2. to fill up with items. 3. to bring together (persons or things) closely; crowd together. To fill up tight; cram

No matter what type of "packing" was referred to, Brunswick High students and faculty really "packed it in" this year. In the halls, in the cafeteria, in the parking lot, and in the gym at pep rallies and basketball games.

What was packed? All kinds of things — from cupcakes, tissue on floats, and books and items in a cabinet to a bus going through a tunnel and football players on the field. No matter what kind of packing was done, it was done in style at Brunswick High!

NATIONAL HONOR SOCIETY

NHS

The National Honor Society is an organization which recognizes excellence in scholarship, character, leadership, and service among high school students in the United States. To qualify for NHS, students must have at least a 3.0 cumulative grade point average. Eligible students are placed on a ballot which is given to each teacher. The teacher then rates each student on the list in the areas of character, leadership, and service. The points for each student are compiled, and the students with the highest number of points are then selected as members. This is the first year Brunswick High School has had an honor society.

JUNIORS

Debbie Tankersley — Vice-President, Tracy Mixon — President, Bunnie Seckinger — Secretary-Treasurer

"Calling all Juniors" . . . being a Junior is like a subject — it's almost required . . . a Junior has so much to look forward to . . . ordering class rings . . . PSAT . . . finally getting to ask someone to the Junior-Senior . . . "But I've already studied about Abe Lincoln!" . . . finally being one of the upper classmen (funny that Seniors don't seem to realize that) . . . having classes with Seniors . . . driving to school . . . a Junior has so many fond memories to look back on and treasure and yet so much more ahead to plan and strive for.

CLASS OF 77

SENIORS

Chuncy Wynn, President; Phyllis Brown, Vice-President; Jackie Brunner, Secretary-Treasurer

"Calling all Seniors!!" . . . the senior year is a magic time, a time of smiles and laughter — worries and tears . . . knowing that this is the last time that our class will be all together and yet trying to forget . . . ordering announcements . . . SAT scores . . . setting examples for other classes . . . choosing the gift for the school . . . being measured for caps and gowns . . . getting misty-eyed at the sound of the Alma Mater . . . finally that long walk in at graduation and the quick trip out . . . can twelve years of school really be over? . . . "I'm not ready — or am I??" . . .

The sun is the earth's basic energy source.

It is essential for photosynthesis in plants, the first link in the food chain.

And the sun's energy entrapped in carbon deposits eons ago, is the energy we get from coal, gas and oil - the fossil fuels.

At Babcock & Wilcox we design

and build systems to convert this energy into forms that can be used by man. Some of these technologies utilize fossil fuels, others nuclear fuels and others capture "solar" energy directly from the sun.

Not only must we develop means for utilizing this energy, but we must do so in a manner

that leaves our earth's environment as healthy as we found it.

Solving the world's energy and environmental problems presents unlimited opportunities for today's graduates.

At B&W we're meeting these engineering challenges head on.

PIRATES OF THE GOLDEN ISLES

Nature designed The Golden Isles and Coastal Georgia to suit a pirate's fancy. Numerous tributaries, hidden inlets and tricky tides permitted a shrewd privateer to successfully play hide-and-seek with any pursuing man-o-war.

The most infamous pirate of all, "Blackbeard" (Edward Teach), sailed our coastal waters in the early 1700's. Attacking Spanish galleons and plundering missions with audacity and greed. Legend claims that "Blackbeard" buried a fortune in booty somewhere on The Golden Isles. But no man lived to tell the tale. Including "Blackbeard," who died as he had lived. By the sword in 1718.

This local historical sketch is brought to you by your local Coastal Bank of Georgia. Nobody can change the past. But we can help you shape your financial future — as an individual, family or business.

Stop in soon at The Coastal Bank of Georgia. The folks with a history of personal service.

TREASURED MOMENTS

There are some moments in our life that we all want to forget . . . but, there are just as many, or more, that we will never forget . . . these special times are very special treasured moments. What makes a moment special? Why do some people regard a certain thing as a treasured moment and others count another? This question has many answers — as varied as the personalities of individuals.

Some of the treasured moments of 1976-77 include: time spent performing for others. This can be in many forms, as an athlete, actor, or a cheerleader. Whatever your talent is, you can derive pleasure from entertaining others, giving you as well as the others special times to remember. Time spent with friends is a very important time, too. One finds that during the school day these times are limited and just a quick conversation can be exchanged between classes or at lockers. After school time is spent mostly with friends. Even though you enjoy spending time with friends, time spent by yourself can also be treasured. It is good to slow down from the hectic pace and be able to just sit and think.

The snow this year was a very treasured moment. For some, it was the first snow ever seen and they will always remember playing with friends in the first snowfall of their lives. Working at something you enjoy is also treasured. Some classes were able to provide people with opportunities to discover new talents. Cheering at pep rallies and painting banners for school spirit were special times because they involved the entire school. The success of the basketball team provided many people with treasured moments. All in all, there was much happening during the year to treasure.

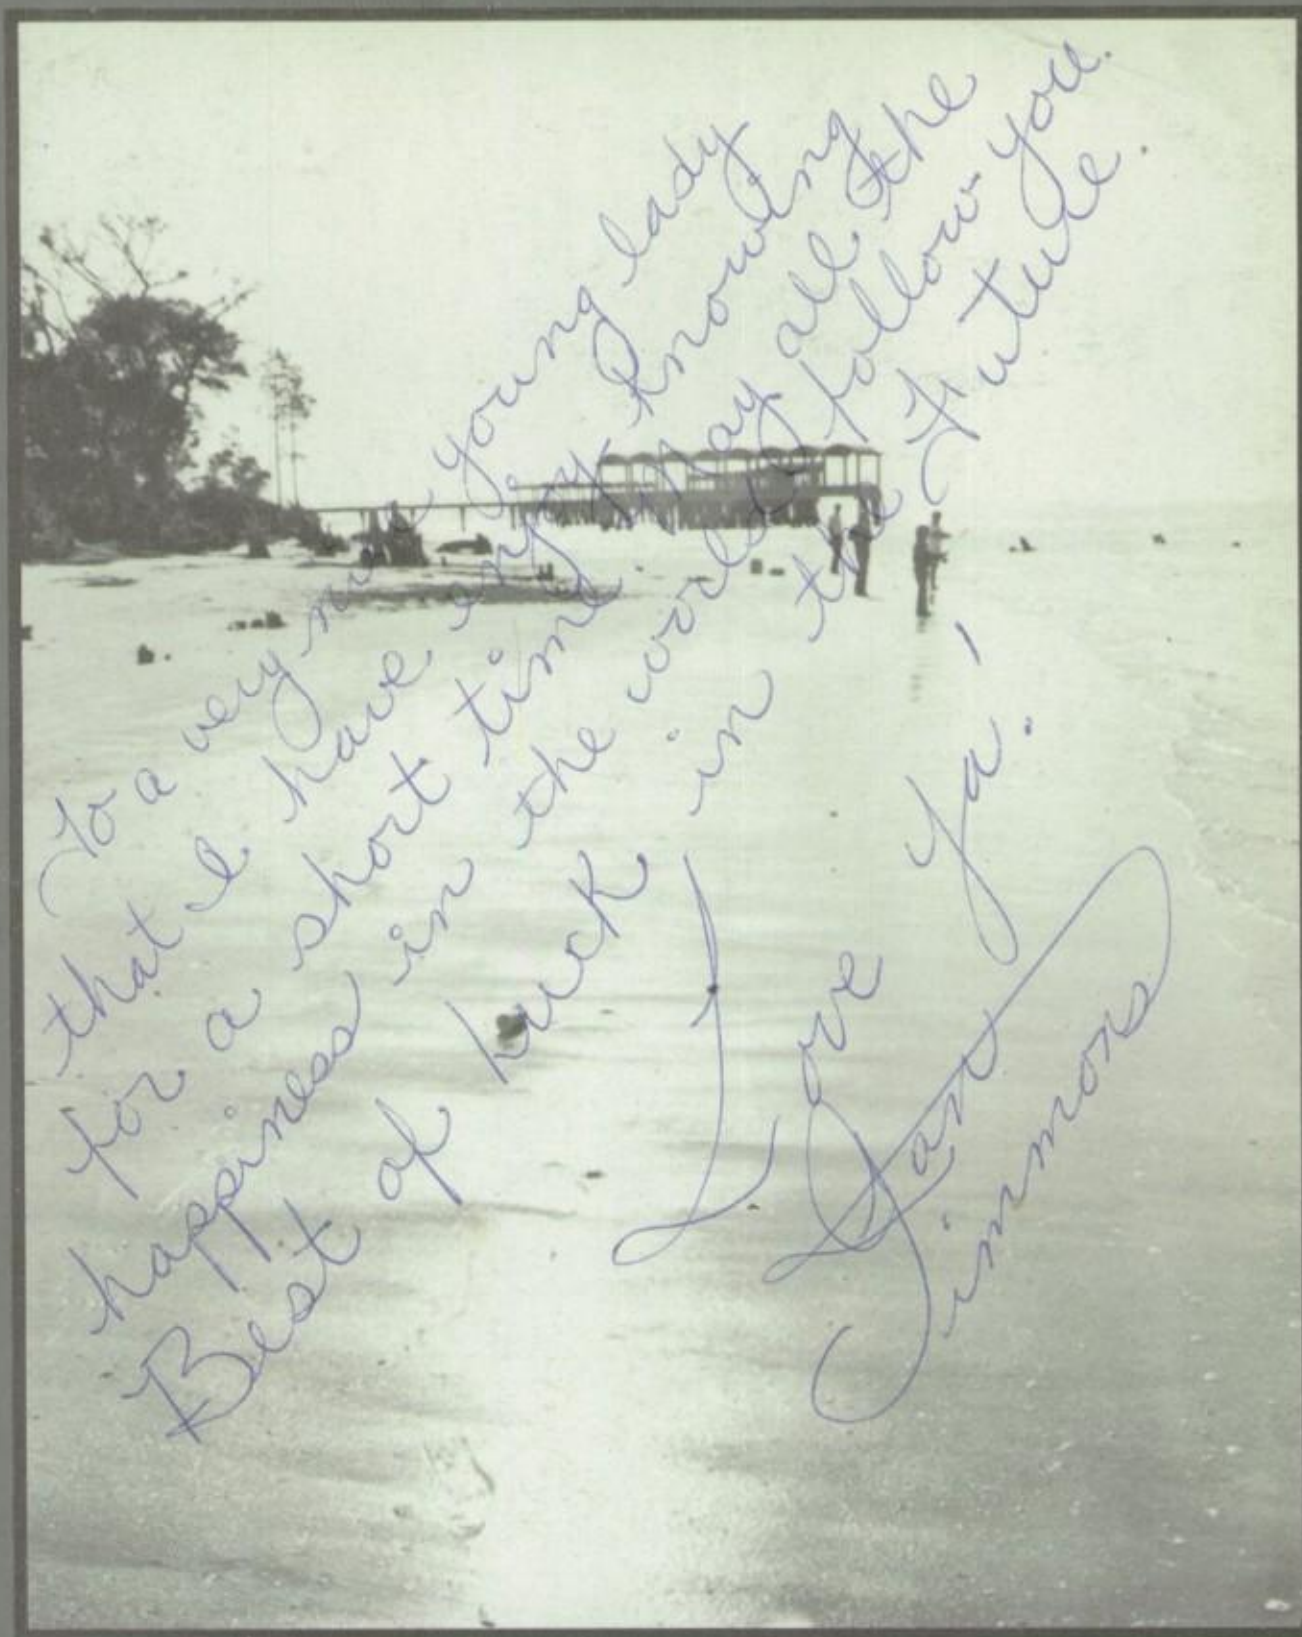

REFLECTIONS

"It's graduation and I have trouble believing that I'm actually here. At times it seems to have been too long — then at others, not long enough! My high school years have been an experience. The sophomore year seemed different in many ways, but it was a beginning. A chance to meet people, start an athletic career, and to grow as an individual. It was our time now to enjoy the maturity shared only by our peers before us. Who can't remember looking up to Seniors and wishing to have their nonchalant attitude? And who can't remember the emptiness we experienced when they graduated . . . our first year at Brunswick High was highlighted by the great spirit shared by everyone.

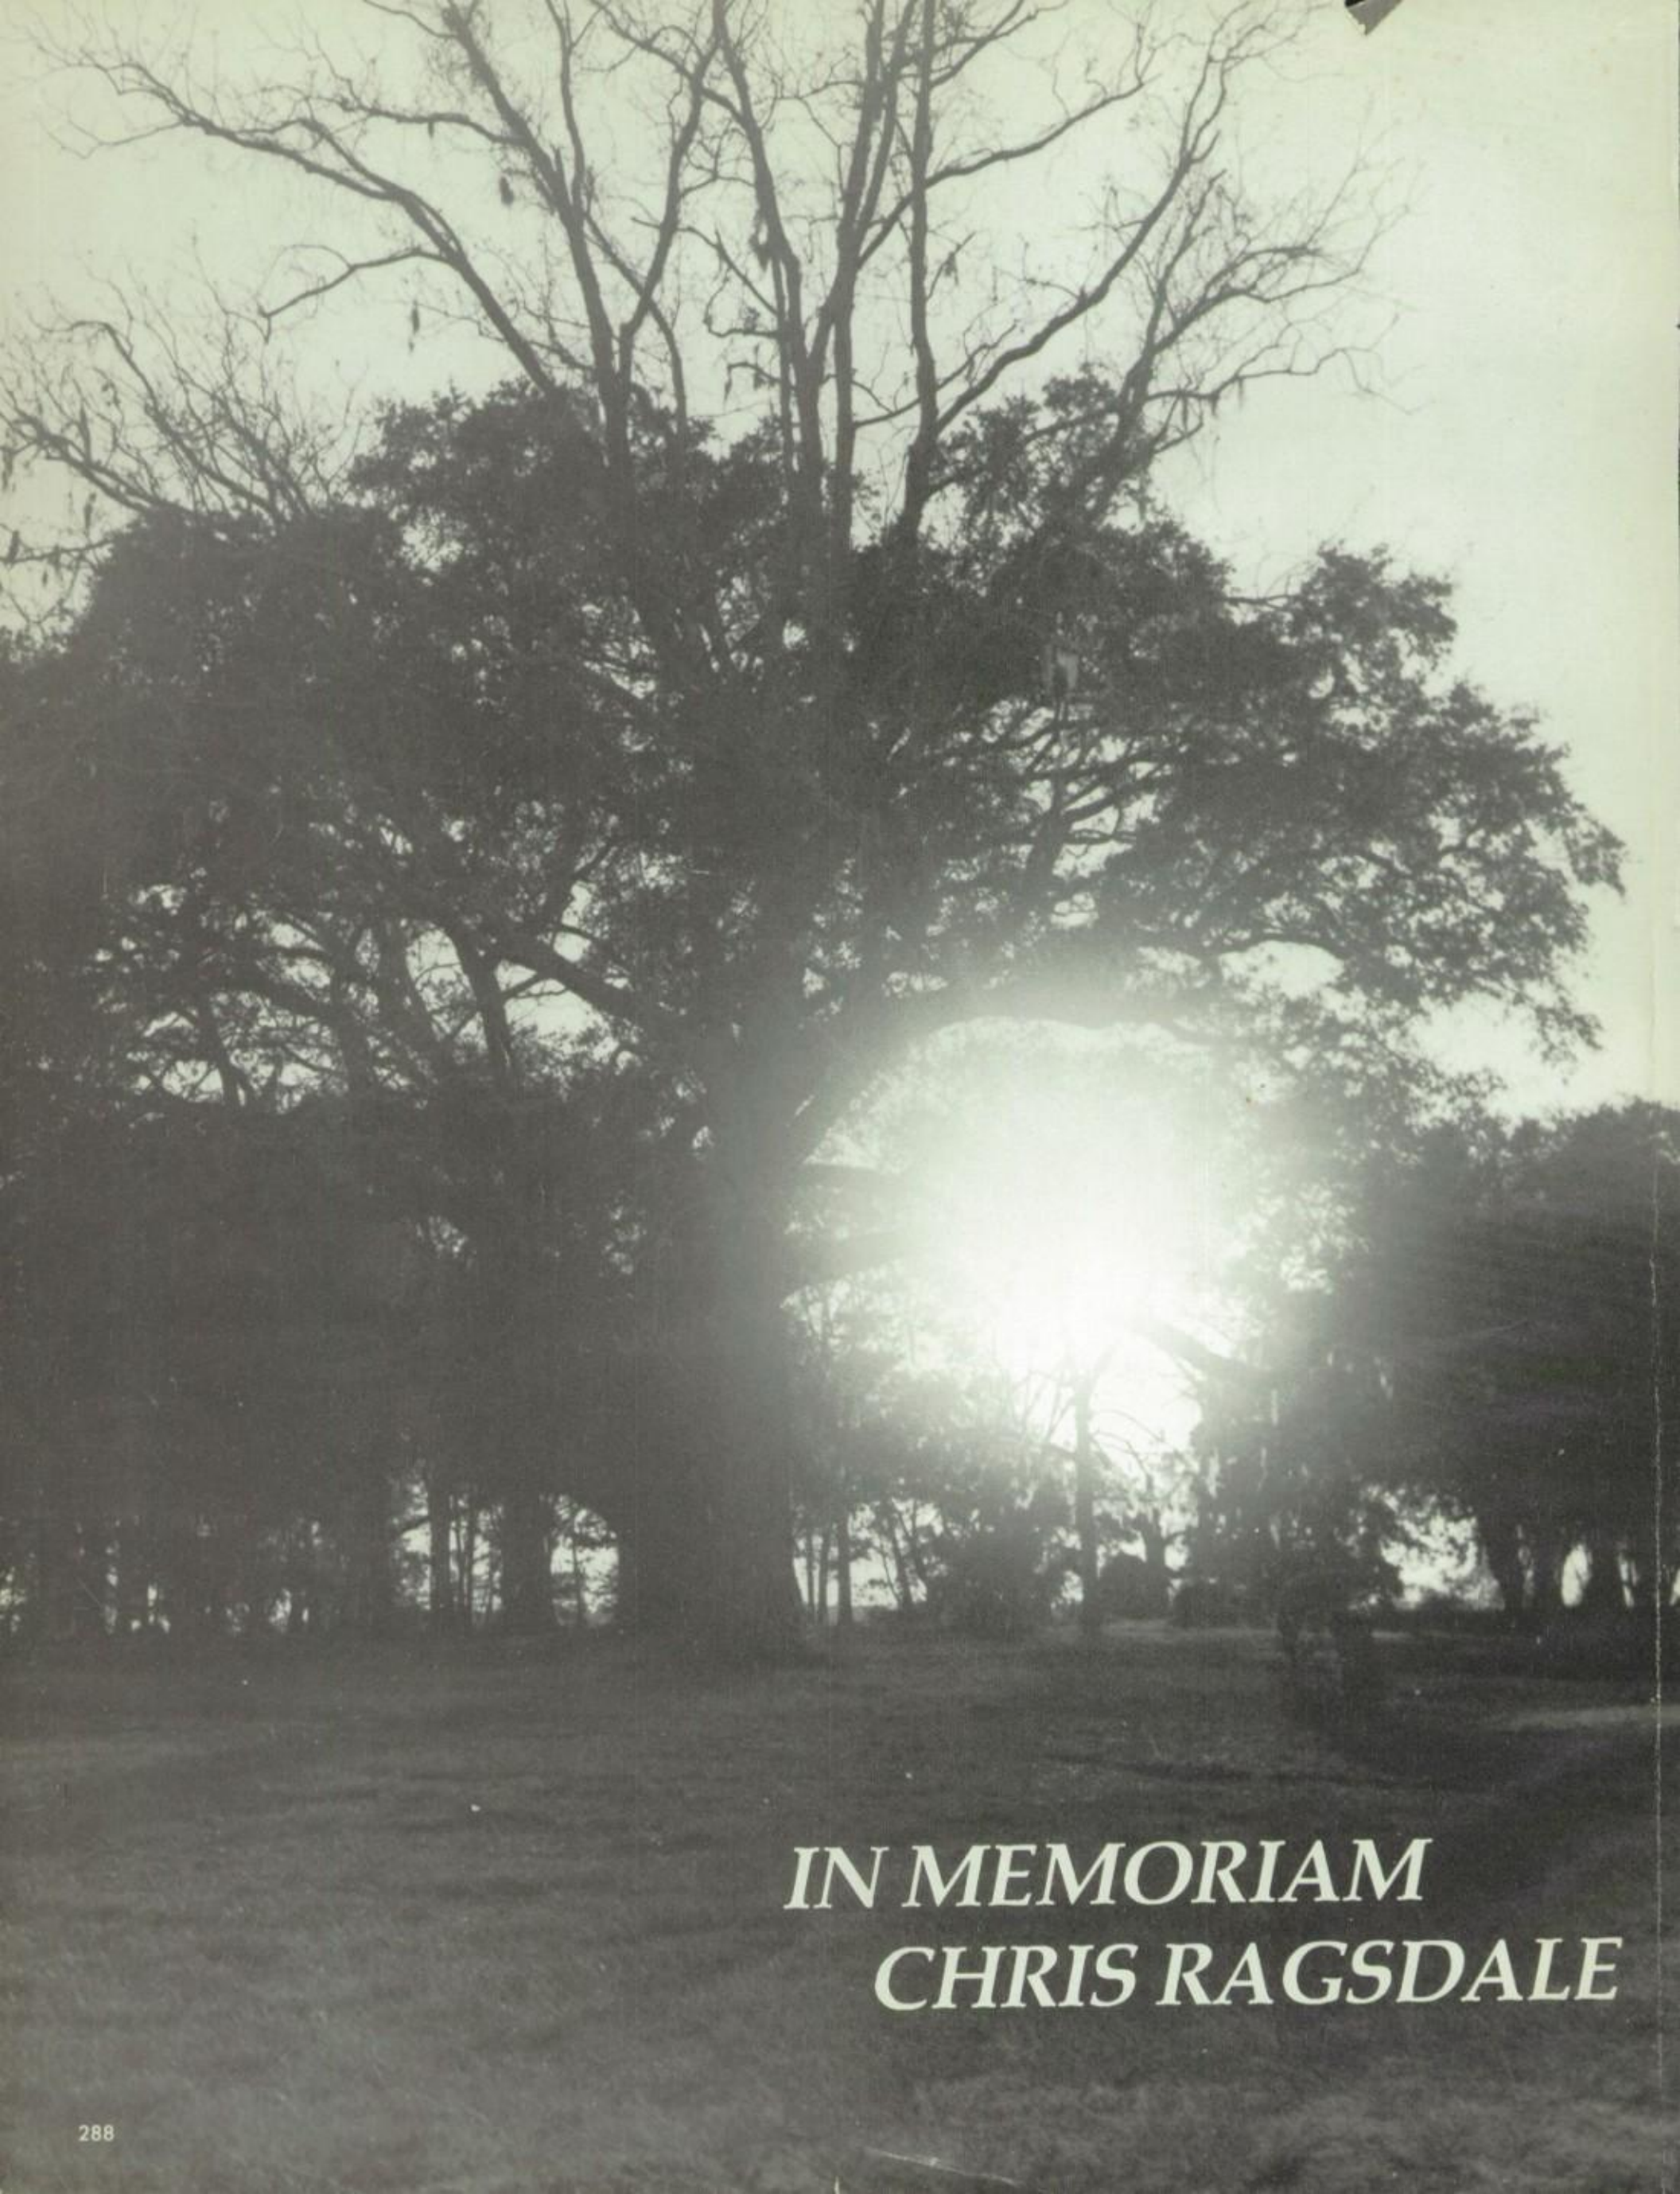

"We left much upon entering our Junior year — left the security of being led instead of having to lead, left behind old thoughts and memories to face the future and what it held. It was quite a leap — going from the lowest class to the upper half of the classes. The addition of the Freshmen affected us greatly. We were looked up to by two classes now and we weren't too sure that we felt mature. At least we could still look up to the Seniors — for a while . . .

"Our Senior year. The time many began losing interest, direction, and ideals. Now we begin to think of independence, new faces and challenges which will shape our tomorrows. Many emotions are experienced during this, our last year together — joy, confusion, and sadness. Things occur which we all question — but they just serve to bring us all closer together.

"Well, they'll call my name in a few minutes and I'll walk up to receive my diploma . . . where do I go from there? I've always had the security of the school routine and its activities, surrounded by the friends I was familiar with. Now we'll all be going in different directions, and I wonder how long it will be before the memories that meant so much start to fade. After twelve years of this you would think I would be ready to move on, but I feel like I'm leaving a part of me behind. Maybe that's good though because I really have changed in the three years that I've been here. Well, pretty soon they'll get to my name. Then I'll be up there, and it'll be all over. In a way, I guess everything's really just beginning."

*IN MEMORIAM
CHRIS RAGSDALE*

To: One of my favorite and special friends whom I think of more as a sister. After you finish your education I hope that you ~~will~~ ^{make} the best of your life and accomplish the goal you set out for. And when the time come for the two of us to go different ways, I hope that you will find a place in your heart to remember me and the good times that we shared together as well as the hardships that we faced and got over.

Roberta, girl you are really one crazy somebody but fun to be with. And there is no one in this world who could replace the type of person you are. I want you to know that I will always remember and treasure your friendship. It's gonna be hard trying to find another running partner and great friend like you. As you become a young lady and look back over this I hope that you don't forget your old neighborhood chum. Many good wishes and lotsa luck in the future.
